

**Course Title: PHOTOGRAPHY (T/A)**

Unit Title	Line	Unit Description
Foundation Photography (Accredited)	1	This is the introductory unit, which provides basic practical and theoretical knowledge on using cameras, processing film and printing images. This unit is a prerequisite to other traditional Photography units. Composition, movement and light are the areas through which students explore and express their ideas. This unit has a Voluntary Contribution.
Foundation Photography (Tertiary)	7	
Photographic Applications (Tertiary/Accredited)	4	Students begin the study of colour photography through the exploration of many varied vocational applications of photography. This unit also utilises the photography studio. Foundation Photography is a prerequisite to this unit.
