

Dear neighbours of Hawker College

Update on the Hawker College boundary fence

I would like to provide you an update on the proposed boundary fence for Hawker College.

During May and June 2022, the Education Directorate commenced a series of community engagement opportunities that invited comments and feedback on a proposed boundary fence design for Hawker College. The initial fence design proposed was amended on two occasions based on feedback provided by the community through these engagement opportunities.

The Education Directorate values school sites as community assets and is receptive to feedback received from community. Majority of feedback received outlined community desire for access to the open green space at the rear of Hawker college due frequent use of this area by our neighbours. The Directorate has acknowledged this feedback and has revised the fence design which now provides a wider area for overall community use.

The Directorate is committed to achieving a balance between the needs of the school which outlined to preserve the asset and increase students and staff safety and surveillance as well as meeting the wider community need for access of the green space. Please see attached the fence plan detailing the new fence design.

Procurement of the fence will now commence, and you will be able to stay up to date on progress via www.hawker.act.edu.au

Should you have any questions or concerns, please don't hesitate to contact the Education Directorate via email ACT.Education@act.gov.au or myself at info@hawker.act.edu.au or by phone on 6142 0355.

Kind regards,

Lyndall Henman
Principal, Hawker College
